

Education and support delivered electronically.

eBooklet links (powered by [Docsend](#)) and tracked fillable PDFs help us provide information electronically while protecting the content copyright. Helpful tips are below.

Printed copies are available. If using these links/PDFs is challenging in any way, please contact us to request a printed copy.

eBooklet Links

- The booklet may not be printed or downloaded from the Docsend link.
- Some links may require you to enter your email for tracking purposes only. Your information is secure and will never be shared.
- Most booklets can be read comfortably on a smart phone. If the text is too small, hold the phone in landscape mode or zoom in.
- If it is still hard to read, consider using a tablet or computer or requesting a printed copy.
- Large format PDFs (such as *Advance Care Planning*, *Caring for Our Veterans*, *My Life Story*, *What Is Death? What Is Grief?*, etc.) are best viewed on a tablet or computer.

Tracked Fillable PDFs

- Some booklets have fillable areas (*Advance Care Planning*, *Caring for Our Veterans*, *Managing Your Pain*, *My Life Story*, etc.) and may be sent as a tracked fillable PDF.
- To complete the tracked fillable PDF:
 - Save the PDF to your device (a computer is recommended).
 - Make sure you are connected to the internet; the booklet will not open if you are not.
 - Open in [Acrobat Reader \(click here for the most updated version\)](#):
 - If the message, “JavaScript is currently disabled...” appears, click Options > Enable JavaScript for this document always.
 - Fill in your answers and save the file when you are done.
- Tracked fillable PDFs may be printed by patients and families once completed for record sharing purposes only. **These files may not be printed for distribution or any other purpose without permission of the publisher.**

If you have technical issues, please email the publisher at support@QOLpublishing.com and they will respond by the next business day.
