

ELECTRONIC DISTRIBUTION: Provide education and support via email or website

Features

- Distribute your branded publications electronically via email, website, QR code, etc.
- Recipients can read your materials from any browser.
- Files are emailed to you as a tracked DocSend link. View a sample here: <https://docsend.com/view/e83d52na8a4zv2ea>
- Billing details:
 - All products are billed quarterly per recipients/views.
 - You provide the number of quarterly/annual recipients; we automatically bill you at the end of each quarter.
 - If actual views exceed recipients provided, pay per view.
 - Discounts available with printed orders.

Prices, billing, and policies are subject to change without notice. Each product, title, version, language, etc. is sold separately. No contract required, you may cancel your order at any time.

Contact us with questions or for a fee quote.

Education and support delivered electronically.

eBooklet links (powered by [Docsend](#)) help us provide information electronically while protecting the content copyright. Helpful tips are below:

- The booklet may not be printed or downloaded.
- Some links may require you to enter your email for tracking purposes only. Your information is secure and will never be shared.
- Most booklets can be read comfortably on a smart phone. If the text is too small, hold the phone in landscape mode or zoom in. If it is still hard to read, consider using a tablet or computer or requesting a printed copy.
- Large format PDFs (such as *Advance Care Planning*, *Caring for Our Veterans*, *My Life Story*, *What Is Death? What Is Grief?*, etc.) are best viewed on a tablet or computer.

Printed copies are available. If using these links is challenging in any way, please contact us to request a printed copy.

If you have technical issues, please email the publisher at support@QOLpublishing.com and they will respond by the next business day.
